ABOUT THE CONFERENCE

Production in developed countries is based on the modernization and optimization of manufacturing processes with the use of advanced technologies that are result scientific and technological development, mainly from scientific researches. The application of new technologies enables more efficient production and competitiveness of enterprises in the global market, where coupling with scientific research institutions is very important.

Faculty of Mechanical Engineering of University of East Sarajevo continues to organize international conference "COMETa 2020", with aims to contribute to the implementation of new technologies into production processes as well as achieving better cooperation between scientific research institutions and enterprises and in that way enable implementation of results that will be published in papers at the conference.

Organization of the previous conferences „COMETa 2012“, „COMETa 2014“, „COMETa 2016“, and „COMETa 2018“ proved to be successful, as pointed out by all participants, especially foreign colleagues, and the next conference should use the positive experience of the previous one and reach a bit higher level in all aspects of the organization.

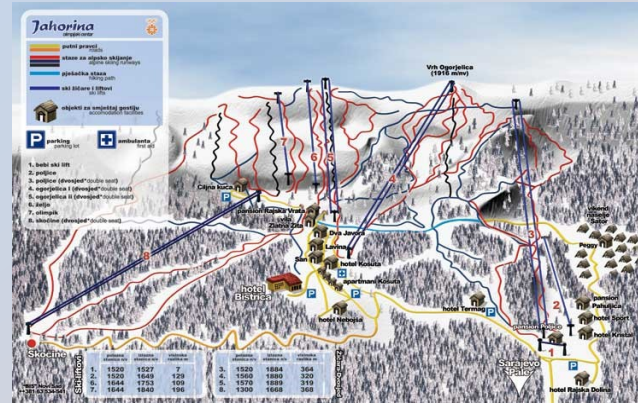

The main goal of this conference is to bring together renowned national and international experts in the field of research and application of new technologies and development of mechanical engineering, in order to share experiences and knowledge, expose actual researches and new solutions and thus improve the competitiveness of the economy in region.

We have great pleasure to invite all interested scientific research institutions and businesses to actively participate and with their papers contribute to successfully organizing of this scientific conference.

26th – 28th November 2020

**SECOND INFORMATION
AND
CALL FOR PAPERS**

The conference has been supported by:

DEADLINES

- Submission of abstract by ~~July 1st~~, **August 17th, 2020**
- Notification of acceptance of abstracts by ~~July 10th~~, **August 26th, 2020**
- Submission of papers by **October 9th, 2020**
- Review results information by **October 19th, 2020**
- Final programme by **November 10th, 2020**
- COMETA 2020 conference **November 26th – 28th, 2020**

MAIN TOPICS

1. Manufacturing technologies and advanced materials
2. Applied Mechanics and Mechatronics
3. Machine Design, simulation and modeling
4. Product development and mechanical systems
5. Energy and thermo technic
6. Renewable energy and environmental protection
7. Maintenance and technical diagnostics
8. Quality, management and organization
9. Student section

BASIC CONCEPT OF THE CONFERENCE

- Plenary session (invited papers about global issues)
- Symposium (oral presentation on the conference topics and poster presentation)
- Workshops
- Round table

PAPER APPLICATION AND CONFERENCE FEES

- Paper submission for COMETA 2020 Conference is done using on-line conference management system at www.cometa.rs.ba
- Template for paper formatting can be downloaded from same web addresses.
- Conference fee is 100€ (200 BAM). Participating fee should be paid no later than November 2nd, 2020.
- Conference fee covers conference materials, cocktail and refreshments, gala dinner and all other activities during the Conference.

TECHNICAL PRESENTATION

In agreement with the organizer of the Conference, the interested institutions and companies can organize presentations of their scientific research, development and production projects and programs, equipment and products. Presentations may last up to 45 minutes.

- Presentation of products and equipment of companies 300€ (600 BAM). The price includes the registration fee.
- Presentation of companies 400€ (800 BAM). The price includes the registration fee.
- Donations/sponsorship 500€ (1.000 BAM). The donor is entitled to one free room and a registration fee.

Instructions for paying shall be submitted later.

CONFERENCE LANGUAGES

Official languages of the conference are English and official languages of B&H.

DATES AND VENUES

The Conference will be held from November 26th – 28th, 2020, in East Sarajevo, on the Mountain Jahorina.

Note: Participant may have no more than two papers. All papers, except for invited papers will be peer reviewed. The accepted papers will be published in the official Proceedings of the Conference.
